## Storage Requirements

Schedule 4 of the Firearms Act sets out the minimum legal storage requirements for general category handguns. As per the requirements set out in the Firearms Act, SSPC requires that members store their handguns:

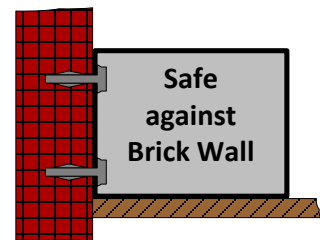

1. In a steel safe which is sold in Australia for the purposes of storing general category handguns, or
2. In a steel safe which is of a thickness that is not easily penetrable; and
3. Which, when any firearm is stored in it, is locked
4. If more than 15 firearms are stored on the premises then an intruder alarm must be fitted
5. If the safe weighs less than 150 kilograms then it must be securely bolted to the structure of the premises where the firearm is authorised to be kept, as shown below:

Secured by 4 Cup Head Coach Bolts (nuts inside safe) into angle Iron below the floor. Angle Iron should run 400mm past edges of safe.

Secured by 4 Dynabolts or similar at least 60mm into concrete

Secured by 4 Dynabolts or similar into brick wall (no plastic wall plugs)

## Declaration

I hereby agree that:

1. I have completed a handgun safety course,
2. I have a sound knowledge of firearms, firearm safety and related laws,
3. I require the handgun(s) above to enable me to compete in a particular class of approved handgun shooting match, and
4. The handgun(s) will be stored in accordance with the storage requirements detailed above.
